TAYYABA IFZAL

JUNIOR FRONT END DEVELOPER / UX DESIGNER

PROFILE

I am a Psychology graduate transitioning to a career in front-end web development after completing a rigorous bootcamp at UOB.

Combining a strong foundation in human behavior with newfound expertise in front-end development, I am dedicated to crafting intuitive and visually appealing digital experiences.

I am eager to leverage my diverse skills to contribute to innovative projects and drive user-centric solutions in the dynamic world of web development.

WORK EXPERIENCE

Customer Service Advisor
NHS BT / Teleperformance Ι 2022-23

My role included, handling enquiries, scheduling appointments, and resolving any issues promptly. A commitment to fostering trust and confidence among stakeholders in a fast-paced healthcare environment.

Academic Marking Assistant
Coventry University Ι 2021 - 2022

My role included marking and grading coursework for psychology students and making sure that the course requirements are fulfilled. My job required working with professors and students which has polished my communication skills.

Administrator
Purple Lily Gardening Ltd Ι 2020 - 2021

My role included carrying out administrative tasks for a Gardening & Landscaping business, including; emailing clients, creating quotations, managing calls, data entry, book keeping and purchasing.

EDUCATION

Front-end Web Development & UX Bootcamp
University of Birmingham Ι 2023 - 2024

This course has given me a strong foundation in HTML, CSS, JavaScript, Node.js, React.js. It has equipped me with practical skills in building responsive and visually engaging websites. I am passionate about using technology to create seamless user experiences and drive business growth.

MSc Clinical Psychology
Newman University Ι 2021 - Present
Birmingham

This degree has equipped me with advanced knowledge in psychological theories and methodologies. Especially in applying psychological principles to clinical settings, demonstrating proficiency in assessment, diagnosis, and treatment planning. I am dedicated to utilizing evidence-based practices to improve mental health outcomes and enhance the well-being of individuals and communities.

BSc Psychology | 2:1
Foundation University Ι 2020 - 2021
Islamabad

I gained a comprehensive understanding of human behavior and cognition. Gained skills in research methodologies, data analysis, and psychological assessment techniques. My experience has prepared me to contribute to diverse fields such as counseling, research, and human resources.
